

SETHURAM.S.V

A PASSIONATE LEARNER IN THE FIELD OF
COMPUTER SCIENCE

PROFILE

I'm a passionate learner in the field of computer science and currently, I'm pursuing my undergrad at Thiagarajar College of Engineering. I love web-dev and aspire to learn every tech stack that intrigues me.

SKILLS

Coding Languages

HTML, CSS, Javascript, Java, JSX

Frameworks/Systems

React, Express, NodeJS, Git, Bootstrap, Material UI, MongoDB, Firebase

PROJECTS

Pathfinding-Visualizer: Path-finding visualizer - a visualization tool for graph algorithms.

- Github:<https://github.com/Sethuram52001/Path-Finding-Visualizer>

Sorting-Visualizer: This is a sorting visualizer built with React JS, to visualize various sorting algorithms.

- Github:<https://github.com/Sethuram52001/sorting-visualizer>

Trello-clone: I have built a minimalistic version of Trello using react and redux.

- Github:<https://github.com/Sethuram52001/TrelloClone>

WORK EXPERIENCE

Web Development and Designing Intern

The Sparks Foundation | April 2021

- Built a basic banking system web application.
- Automated testing using selenium.

OTHER INTERESTS

I love learning, solving, and writing about DSA. I believe writing about a concept will let me test my own understanding about the same. Here is the link to my medium page:
